

Middlebury, oh how I've missed you :,) Throughout the last year, I've been away – and **my heart has been with you all** the way.

To the class of 2024, campus won't be the same without you. **Super senior febs?** We've still got a semester together. Middlebury as you know it is going to improve in ways never seen before.

To the class of 2025 & 2025.5, my dear class, we are about to take all the good things we did during our first few years together and multiply that to have the best senior year of our lifetimes.

To the class of 2026 & 2026.5, I see you all holding it down, and whether you'll be on or off campus next year, our impacts will be felt wherever you are, and whenever you return.

And **to the class of 2027 & 2027.5**, I am so excited to finally meet you all. What we do together next year will have a positive influence on our remaining years here and beyond.

As you can see, there are some common themes here, and those are: firstly, **you all are like family** to me, and secondly, it's only up, up, and away from here! All future classes are so lucky for what's to come.

Now, for those of you who don't know, I am B Striker '25 (he/him) – your advocate, collaborator, and friend. Also, my favorite number is 4. In the past, I may have 4filled (fulfilled) your needs by being [Sophomore Senator](#), hosting [4Meals](#) to build community, or even driving [4Wheels](#) to provide transportation. This upcoming year, it's not about what I can do, but **it's about what we can do, together, as a community.**

Representing us, the student body, will be the senators that we, the students, elect. The Senate will pass bills and resolutions fine-tuned by the experts in my presidential cabinet (please [go/apply4thefuture/](#) :). **[Initiatives that foster community, improve wellbeing, enhance transportation, and more](#) will all be in the works.** Today, I am calling on qualified class members of '27.5, '27, '26.5, '26, '25.5, '25, & '24.5 to [go/apply4thefuture/](#), where I will also be thoughtfully selecting TWO Vice Presidents to work very closely with me and the administration to see things through.

Together, we will move 4ward, making unprecedented progress to **form a Middlebury that's more connected, more supportive, and more vibrant** than EVER before. This is a Middlebury where *every* initiative, *every* decision, and *every* action is taken with the intent to have positive effects that last 4ever.
